DISCLAIMER OF LIABILITY AND AGREEMENT TO INDEMNIFY

I _____, for myself and for my Boat/Vessel at the Sturgeon Bay Yacht Club hereby referred to as SBYC agree that:

1. I assume the risk of use of the SBYC Courtesy Dock that I have been assigned.
2. I understand that SBYC does not provide dock attendants, nighttime surveillance, or harbor master at the SBYC courtesy docks. SBYC assumes no responsibility for, and **shall not be liable** for, the care, protection, or security of my property.
3. I agree and understand that **the SBYC shall not be considered an insurer** of my boat or any of my property at the SBYC.
4. I, for myself, for the Boat Vessel, for my family, my guests, my heirs and assigns, agree that I will, and ***I do assume all responsibility*** for any injury or illness, and for all related costs, for medical expenses and damages of any kind from injury or illness that any of them may incur, arising out of, or in any way related to, my activity of any kind within the SBYC and/or assigned courtesy dock. I agree to hold SBYC, its officers, agents, managers, employees, and assigns harmless and free of any and all claims for liability, injury, illness or death, and for all costs, medical bills or other damages incurred by me or my family, my guests, heirs or assigns, that may be caused by any activity which happens within the courtesy dock assigned boat slip, storage space or any other area of the SBYC that is not designated as a common area. I agree to indemnify, defend and hold the SBYC harmless from any and all claims, suits, actions, liability or expense occasioned by any injury to person or property sustained by me or my family, visitors, heirs or assigns in my assigned spaces within the SBYC, or as a result in the pumping out sewage or oils in the Sturgeon Bay Ship Canal. I also agree that, under no circumstances, shall SBYC be held liable for consequential, special or punitive damages, whether in contract or tort, including simple negligence, with respect to my use of any boat slip or any boat or assigned space within the SBYC.
